This walkthrough intends to show all the paths through the game in an objective way.
Colors and styles are only meant to highlights elements, not influence your decision.
There isn't a right or wrong way through the game, only you should decide.

Only decisions that have an impact on the story or your character are shown.
There are obviously many scenes that can play differently based on your choices, but "cosmetic" differences or small alterations in the dialogues are not part of this walkthrough.

The PDF is best viewed on a touch screen where it is easy to drag, zoom in and out with the fingers.

On a PC with Acrobat Reader, make sure to use the "hand" icon to easily drag with the mouse.
Use *Control* + Mouse wheel to zoom in or out.

Legend

Character and game related attributes that can be increased/decreased (i.e.: a number value) will be represented with an icon followed by the character/description name:  **Bubu** or  **Bubu**

More complex values will be written as text instead:
girls kissed +20

Reference to these values will reuse the same icon or text:
Bubu  is at least 5
girls kissed is at least 25

While the game is being developed, decisions that do not impact the story (yet) will be displayed like this:
 *Granny*
grandmas kissed +20

Icons

 : +1 Relationship point	 : -1 Relationship point
 : +1 Friendship point	 : -1 Friendship point
 : +1 Lesbianism point	 : -1 Lesbianism point
 : +1 point (positive)	 : -1 point (negative)

Decision labels

When something you do can have an impact later on in the game, a label will be visible where it happens like this
decide something #123

In some rare cases decisions can be reversed, to distinguish it more easily the label will look like this
did not decide something #123

References to this label will also include the same number
so it is easy to track it down to where it happened (could be multiple places).
decided something #123

Some decision labels can denote a progression and sometimes we must check if the current value is above or below a certain threshold. To keep it succinct, all accepted values will be listed in brackets.

For example let's define some karate belts and assign each one to a numerical value:

0 $\Rightarrow$ white belt #78, 1 $\Rightarrow$ yellow belt #78, 2 $\Rightarrow$ orange belt #78

If in the code the condition checks that the value must be at least 1 (`karate_belt >= 1`)

It will be listed like this: **karate belt: [yellow, orange] #78**

While the game is being developed, decisions that do not impact the story (yet) will be displayed like this:
agree #55

Reversed decisions that do not impact the story (yet) will be displayed like this:
did not agree #55

Check the last page of the walkthrough to learn how you can use the developer console to cheat
alter their value for your benefit: ([link](#)).

Enjoy the game!

Agency

Scene #1-15 The agency

Whispers You don't have that air of superiority. Don't worry about it. I meant it as a compliment.

• Should you really insult models?

• No problem. I get it.: Angel

(I hate sitting around... I'm bored... Should I check if this one is up for talking? Or just keep my attention on the receptionist?)

• (Check out the model.)

• (Look at Angel.): Angel

Wanda

Sarcastic I'm obviously here for the fantastic fucking conversation. Are we done? Thank you!

• (Apologize for bothering her.)

• (Tell her to fuck off.): Wanda $\Rightarrow$ 1

(What a fucking bitch! Two ways to handle this. I can let her get away with being a bitch and just ignore her, or I can fuck with her just to piss her off)

• (Ignore her.)

• (Fuck with her.): Wanda, Angel

Asshole.

• (Keep fucking with her.): Wanda, Angel

• (Leave her alone.)

You know what it's like... Models starving themselves before a casting. I didn't realize you were a... I thought you were just another asshole model.

• Asshole model like you?: Wanda, Angel

• Well, I'm not!

Can we start again? Clean slate? I'm a really good model. I'm sure I could do a good job for you if you gave me a chance. My name is Wanda. Nice to meet you.

• (Be nice to her.)

• (Insult her.): Wanda, Angel

So what job are you working on? Anything that you think I would be suitable for?

• (Be nice.)

• (Be mean.): Wanda

What? But I've been here for over an hour! You fucking bitch! Why are you only telling me now? Are you dumb?

• (Intervene / Support Angel.): Angel

• (Don't intervene.)

She is unbearable. Even before you arrived, she was acting like a real Karen. I couldn't help myself. I hope you don't mind?

• It wasn't any of your concern!: Angel

• No. It was great!: Angel

Hopefully, she'll leave now that she has no appointment. You don't mind, do you? I can call someone to get rid of her if she starts up again.

• No. I'll just ignore her.

• I'm going to teach her a lesson.: Angel

Fake audition

(Wow! She is not just a bitch. She's a racist bitch!)

• (Reason with her / Interested.)

(Shit! She is not as responsive to the nice approach. Maybe I should be a little firmer.)

• (Passive.)

Wanda is 3 or less?

• You're supposed to be the model!: Wanda

I have super long legs. Everyone always compliments me on them. What do you think?

• You have really nice legs!

• I've seen better.: Wanda

See? My ass is one of my best assets. Do you like it?

• (Not interested / End the audition.)
Wanda audition $\Rightarrow$ 2

• (Be friendly.)

• (Get rid of her.): Angel

The day after, then? I promise I'll be even nicer to you. And maybe I'll even be nicer to that receptionist bit...eh, lady if that's what you want?

• You should apologize to her.: Wanda

So did that model continue to give you a hard time after I left?

• No. But I messed with her a little more.: Angel

• No. I told her to get lost.

No

Yes

What did you do?

• Pretended I had a job for her.

• I gave her a fake audition!: Angel

told Wanda to apologize to Angel #007?

No

• (Stay.): Jenna

• (Go watch movie.)

(Wow, she's quick. And...is she a little bit sexy? Am I actually thinking this way about little Jenna?)

• (Not interested.)

Note: This is a final decision. This will halt any romantic possibilities with Jenna and will limit/remove some future scenes with Jenna.

• (Confirm not interested.)

Jenna

You shouldn't be. When you're around me, I want you to feel confident and act confident...

• Feel pretty, act pretty.

• Feel sexy, act sexy.: Jenna

Hah! Sorry, but I don't feel sexy. Ever!

• You can try.

• You ARE sexy.: Jenna

Well, they are a bit too big, right?

• Yes. But you have a small frame.

• No. Perfect size.: Jenna

So, how does it look? Huge and flabby? Or gigantic and hideous? What are your thoughts?

• Nothing to worry about.

• You have a great ass.: Jenna

• (Flirt / Sexual comment.): Jenna

Of course I don't mind.

• (Kiss her cheek.)

• (Move to lips.): Jenna

Scene #4-16
Monica's date

I was very excited about our date, so I wasn't thinking clearly when I bought it. It is very revealing. It might be inappropriate.

- I'm sure it will be fine!
- I can't wait to see it!: ❤️ Monica

Oh, good. It's not busy. I didn't have time to make a reservation, but it looks like they should be able to fit us in. Shall I check?

- Sure. Check if they have a table.
- Allow me. I'll check.: ❤️ Monica

It's OK. Don't worry about it. I was looking forward to a meal, but maybe it's not meant to be. We can just call it a night.

- (Get angry with him.): 💚 Monica
- (Try to reason with him.): ❤️ Monica
- (Let Monica do the talking.)

So, eh... What do you think? Too much?

- As long as you like it, who cares?
- You look fantastic!: ❤️ Monica

Why are you staring? It's too low-cut, isn't it?

- Just a little, but I like it!
- (Compliment her dress.): ❤️ Monica
- It doesn't suit you. Too slutty.: 💚 Monica
- (Compliment her body.): ❤️❤️ Monica

Eh, yes. I think we're ready. Would you like to order for us?

- (Kiss her again.): ❤️❤️❤️❤️ Monica

But there's no harm in a little playfulness, right? It makes me so hot when I see you looking at me like that.

- You are a lovely lady!
- It makes me so hot too.: ❤️ Monica

What are you thinking about right now? What are you imagining right now? And you don't have to hold back. I don't mind if it's rude.

Cheat without a MOD

So you want to try out a new branch but do not feel like completely starting over a new game?

Don't worry, with the developer console you can easily modify in-game variables.
You only need some basic understanding of scripting.

The easiest way to enable it is to use the Universal RenPy Mod from 0x52.
Download it from the webpage: <https://0x52.dev/mods/Universal-Ren-Py-Mod-1000>, then unzip it and drop the rpa file in the game folder.

(Re)Start the game and load a savegame, type ALT+O (Hold the ALT key and type the letter O) to open the console and use the ESC key to exit
